

Remarks

Upon entry of the foregoing amendment, claims 1-4 and 6-20 are pending in the application, with claim 1 being the independent claim. Claim 5 is sought to be cancelled without prejudice to or disclaimer of the subject matter therein. Claims 8-20 are sought to be added. Support for new claims 8-20 is found throughout the specification and in the originally filed claims. These changes are believed to introduce no new matter, and their entry is respectfully requested.

The claims were originally in the German language. The claims were translated into the English language and filed with this National Phase application. The claims have been amended to place them into conformity with U.S. patent claim practice.

Prompt and favorable consideration of this Preliminary Amendment is respectfully requested. Applicants believe the present application is in condition for allowance. Respectfully submitted,
